

Initial and Mastery Assessments

Assessment documents show accurate information on the actual progression of the reading instruction and provide transparent information for school records and for Pupil Premium records. They provide a complete picture demonstrating whether what has been *taught* has actually been *learned*. For non-beginners, these also indicate which Level to start with.

Tutor and Pupil Assessment pages should be photocopied before the test. Tutor copy should be marked and filed but Pupil copy can be re-used.

Every assessment consists of 50 words. After each one, the ARI graph should be completed, showing the number of words read correctly (downloadable graph at <http://piperbooks.co.uk/ari-free-resources>).

General Recommendations: A minimum of errors together with a degree of fluency should be established throughout each Level. When fewer than 46 words are read correctly during the Mastery Assessment, a pupil should be invited to choose those stories s/he would like to reread and encouraged to read them with expression. Fluency and expression are important elements and need to be secure.

Optional: After completion of Assessments for each Level, it can be useful for a child to repeat the Initial Assessment to demonstrate how much easier reading has become after all the books have been read.
